Secure, up-market living adjacent to a protected area thriving with bird and animal life

Introducing the exclusive new Montpellier development in Vermont. Framed by the majestic Kleinrivier Mountain, Montpellier is next to one of many protected greenbelts with diverse plant and animal life. This secure estate features 13 modern houses each boasting quality finishes and building materials. The husband and wife team of Frikkie and Christine Venter are taking great pride in developing what will become a dream come true for those seeking a luxurious and nature-inspired lifestyle. Every property will be finished with interesting features and high-quality fittings, such as an alarm system, a built-in stainless steel braai, a...
